To Whom It May Concern:

I, the undersigned assistant priest in the above mentioned parish, have for many years been reading daily the Good News Reflections written by Terry Modica.

I have found that, on the whole, the Reflections are a very realistic and motivating application of the teachings in the daily readings to the everyday life of the faithful. The Reflections often encourage a close adherence to the teachings of the Church.

For the above reasons I highly recommend the writings of Terry Modica.

Sincerely,
Rev. James Lienert, MSF
