To Whom It May Concern

I have known been receiving the 'Good News Daily Reflections' from Mrs. Terry Modica for the past nine years and have found them to be sound teachings. The reflections are in keeping with the Teachings of the Catholic Church. I haven't found any errors in her publications in all these years. Terry is a humble person who loves the Church and works tirelessly in spreading the Good News of Jesus Christ.

I wish Terry every success in all her endeavours.
